

# Intention #4

# Wall to Wall

Our intention is to provide a healthy environment for our patrons and staff and minimize our environmental footprint to help protect our finite natural resources. We strive to implement sustainable practices where physically feasible.

- Energy Star Appliances (ice machine, refrigeration units, steam cooker, hot food holding)
- Recycled seat belt chairs
- Sustainability harvested wood for chairs and tables
- Low VOC paints (Volatile Organic Compounds)
- Bamboo wall finishing (naturally renewable resource)
- Grass Matt (naturally renewable resource)
- Locally sourced Arizona Sandstone
- Recycled Aluminum trim
- Existing brick wall and flooring (retain historical essence)
- Zone lighting and dimmable accent lighting
